

Sun Wear Collections for 2017

COCOA MINT

JENSEN EYEWEAR

We are so excited about the new Eyespace Cocoa Mint and Jensen Sun Wear Collections for 2017 and thought we should share the new Sun Rx program with you a little earlier than normal. The 2017 offer brings the very best styling and quality together with some of the very best prescription sun wear lens offers on the market at an incredible all-in price.

- **Polarised 1.59 Polycarb *NEW***
- **Polarised Mirror coated in CR39 and Polycarb *NEW***
- **Polarised Polycarb Graduated Tint *NEW***

We have some NEW sun lens products within our scheme this year to go with the great new designs from Eyespace including...

FREE NuPolar polarised demonstration unit

Lenstec Optical Group will also be stocking the Cocoa Mint and Jensen sunglass collections at all of its locations to allow for a speedy turn around on our new sun frame + lens complete package.

We will also be offering a **FREE** NuPolar polarised demonstration unit to any practice taking the full fitting set collection from Eyespace which will further support the NuPolar polarised lens story in practice.

Lenstec Group have invested heavily in the latest edging technology and are confident that we will deliver the very best finishes to complete a great look for Spring/Summer 2017.

November

Lenstec got into the festive spirit and raised money for charity at the same time.

During Movember Wayne, Gavin, Leon and Mike managed pretty good 'facial accessories' and raised over £100 for the Suicide Prevention Charity.

And thanks to everyone who took part in our Christmas Jumper Day we raised another £100+ towards Winter Warm Bags for the homeless.

Looking good Sherrie and Gavin!

XMAS JUMPERS
